

Alpine School District

Student Computer & Internet Use Permission Slip

Approved 8/20/2006

School: _____

The Alpine School District is a high-use technology institution which provides students opportunity to gain computer skills necessary for educational enrichment and advanced learning. In order to protect students, measures such as internet filtering are in place to protect student exposure to inappropriate material. The current Internet Acceptable Use Policy (AUP) is designed to protect students and establish guidelines for a safe and rewarding high-tech experience.

The current policy is found at: http://alpinedistrict.org/policy/proc_5225.pdf or may be obtained at any Alpine school. This policy is dynamic and will be reviewed each June to reflect current computing trends. It is the responsibility of the student and parent/guardian to understand the current policy.

By signing this document I give permission for my son/daughter to use school computers and internet according to the terms of the Alpine School District Computer Acceptable Use Policy (No. 5525). I understand that violation of the provisions stated in the policy may constitute suspension, revocation of computer privileges and/or disciplinary action. This permission shall remain in effect while the student attends this school. If my child moves or transfers schools, I will be required to sign a new form.

Name: _____ Core Teacher (if applicable): _____
(Last, First, Middle)

Student ID #: _____ Date: _____

Students Signature: _____ **Date:** _____

Parent/Guardian's Signature: _____ **Date:** _____

Email Address: _____

Note: your email address will give us ability to communicate upcoming events and students progress.

Alpine School District

Student Computer Acceptable Use Summary

Approved: 8/30/2006

Privileges

The use of school computers is a privilege and is an integral part of the educational program for all students. Computer services provided by the district are not intended for personal or private use. ASD system administrators will determine appropriate use and access. Their decision is final. Students have no expectation of privacy of electronic data. System Administrators monitor, log, and may review any or all files and/or messages.

District Responsibility

The Alpine School District takes student internet safety very seriously. Strict measures, such as internet filters are in place so that inappropriate material is not accessible to the students. 100% internet safety is not guaranteed and some content which may be offensive may still be accessible. The district provides training to students on how to handle these situations.

Terms and Conditions include but are not limited to

Students will:

- Use computer equipment under supervision of lab instructor or faculty member.
- Respect and follow computer teacher/advisor instructions.
- Use computers to work on school related assignments only.
- Immediately report equipment failures to staff members.
- Immediately report accidental access to unauthorized sites.
- Report unacceptable internet sites to staff supervisor.
- Follow basic net-etiquette and be a good network citizen.

Students will not knowingly use school computers, equipment, or facilities to:

- Engage in illegal activities defined as a violation of local, state, and/or federal laws.
- Engage in hacking activities in any form. This includes but is not limited to corrupting, destroying, or manipulating system data or changing computer configurations.
- Access or distribute pornographic, obscene, or threatening materials.
- Erase, expire, or reset memory cache, web page links, or HTTP location history.
- Use one's identity, misrepresent one's identity or use another's identity in any form of electronic communication.
- Communicate with vulgar, defamatory or threatening language, graphics, or artwork.
- Violating copyright or intellectual rights.
- Participate in electronic gaming.
- Use of any instant electronic communication without adult supervision.
- Send mass emails.

Non-District Equipment

A student may bring in personal computing equipment only under the following conditions.

- The student is sponsored by a faculty member.
- The equipment is registered with the on-site computer technician.
- The district provided anti-virus software and personal firewall is enabled.

Note: Personal equipment falls under the same rules as district owned equipment.

The full district policy is found at: http://alpinedistrict.org/policy/proc_5225.pdf.
